

GLOBAL SCHOLARS: SKYPE SESSION MEDFORD (BOSTON-USA) - LA BASTIDA (STA.COLOMA)

2nd ESO students at La Bastida are working this year in connection with schools all over the world.

Today we had a skype session with Medford School in Boston (USA). We had the opportunity to have a cultural exchange, ask and answer questions about technology and get to know nice peers from the USA.

Global Scholars project fosters global interaction and awareness and enhances students' skills to become global citizens in the digital world. English language, social media and technology content are on the spotlight of the project led by Global Cities (a program of Bloomberg Philanthropies).

See our blog for more info on the project: <http://>
