

13 of our 1 st year Batxillerat students and 12 of our 4t ESO students are taking part in an exchange with students from the Liceo Statale Ettore Majorana (Rho, Milà), which will make them enjoy their company next week and will take them to Italy in the month of October. Our new friends will come next Saturday March 25 th and the school has prepared a series of activities to pursue at Labyrinth Park, the Sagrada Família Temple, Park Güell, the Palau de la Música Catalana, etc. The topic sentence on which we will base our activities is «Italy and Spain. Between art and tourism”, and we will be focusing on the sometimes difficult relationship between cultural heritage and mass commercialization. In keeping with La Bastida's multilingual tradition, we also hope to strengthen our intercultural abilities. Ci vediamo sabato, amici!!!
